Trouble is your middle name  
That's a dangerous place to be  
Within your mis-en-scene  
There is no sobriety

No dancing in the street  
No roaming on your phone  
Your taste is bitter sweet  
And your Facebook is your home

Love, love, you fit me like a glove  
You fit me like a glove  
Love, love, I can't get enough  
I can't get enough

You make me wild and weary  
You make me sad  
You're Myspace now in theory  
You're YouTube mad

Love, love, you fit me like a glove  
You fit me like a glove  
Love, love, I can't get enough  
I can't get enough

No dancing in the street  
No roaming on your phone  
Your taste is bitter sweet  
And your Facebook is your home

You make me wild and weary  
You make me sad  
You're Myspace now in theory  
You're YouTube mad

Love, love, you fit me like a glove  
You fit me like a glove  
Love, love, I can't get enough  
I can't get enough

You'll never know what it means  
Living inside my dream

Visions of so many things  
A thousand violins

Love, love, you fit me like a glove  
You fit me like a glove  
Love, love, I can't get enough  
I can't get enough

Love, love, you fit me like a glove  
You fit me like a glove  
Love, love, I can't get enough

Love, love, you fit me like a glove  
You fit me like a glove  
Love, love, I can't get enough  
I can't get enough
