From time to time you get the sign
Move your body right next to mine
From day to day you get nowhere
Baby, don't leave me there

Love dove on me, love dove on me
And when you tell me, "Pass it on"
And I'd pass it on

It's a chain reaction, never stop
What's on your mind? What's on your mind?
A chain reaction, never stop
Think about you all the time
Oh baby, what's on your mind?

No sympathy to dedicate it to memory
Oh, turn it on, keep me square
How can I go everywhere, love?

It's a chain reaction, never stop
What's on your mind? What's on your mind?
A chain reaction, never stop
Think about you all the time
Oh baby, what's on your mind?

I'm down on my knee, down on my knee, yeah
Love dove on me, love dove on me
And when you tell me, "Pass it on"
I'll pass it on, on

It's a chain reaction, never stop
What's on your mind? What's on your mind?
A chain reaction, never stop
Think about you all the time
Oh baby, what's on your mind?

A chain reaction, never stop
Don't do it to me, baby, don't do it to me
(A chain reaction, never stop)
Don't leave me, yeah, don't leave me, yeah

(A chain reaction, never stop)

What's on your mind? What's on your mind?
What's on your mind? Well, tell me baby now

(A chain reaction, never stop)
And I remember the time
What's on your mind? We'll soon be out of time
(A chain reaction, never stop)
Runin' out of time, runin' out of time, runin' out of time

(A chain reaction, never stop)
Runin' out of time
(A chain reaction, never stop)
(A chain reaction, never stop)
(A Chain reaction, never stop)
(A Chain reaction, never stop)
