U can dance
U can dance
U can dance

In a discotheque at dawn
Is when it came to me
I'd been ravin' through the night
Lookin' for some company,
It was the Mambo talkin'
It's got a lot to say,
'Do you come here often?'
'Do you wanna play?'

The hitchhike into Paris
And zigzag by the Seine
The Hollywood moment
I'll never be the same

U can dance

There's a world awaiting
Way beyond the sea
How I love to travel
Baby will you come with me?

U can dance

Jump on the table
Slide down the pole
You can wear your sable
You can bare your soul
Through Reno down to Vegas
The casinos never close
To the movers and the shakers
The Tango never knows

U can dance
U can dance
U can dance
U can dance...dance...dance...dance
U can dance...dance...dance...dance

I need some inspiration
I've got a lot of time to lose

U can dance...dance...dance...dance

And then the dolce vita

dance...dance...dance...dance

In England there's a moment
One nation in a groove
U can dance
Where the music and emotion
Will make you wanna move

U can dance
