It's the biggest storm in years, they say  
Couldn't take a plane so I hopped a train  
Well I'd like to stay  
In a stormy winter day  
So I'll come back to you someday

As the states rolled by, it's all so clear  
I'm everywhere but I'm never right here  
It's always the same  
Constant change  
But I'll come back to you someday

So close, so far  
So long the world is  
Spinning me away

I'll travel night just to see your face  
The way you touch, the way you taste.  
Even if only for a day  
Coz I'll come back to you someday

I'll speak the truth, it's all I know  
As your tears fall to the snow  
We both know, tonight that I can't stay  
But I'll come back to you someday

So close, so far  
So long the world is  
Spinning me away

So close, so far  
So long the world  
It's spinning me away

(And I said)  
So close, so far  
So long the world is  
Spinning me away

Oh yeah, yeah...

Spinning me away
