I've been walking the streets of LA
3am wide awake
But i'm not sure
If i'm coming home

You say things you can't take back
Call me up you wanna chat
While i don't know
I'd rather be alone

We can't play these games anymore
You're always keeping score
And i don't care enough to go to war

So walk away walk away walk away walk away
And don't talk about talk about talk about talk about
anything
So walk away walk away walk away walk away
And don't talk about talk about talk about talk about
anything

We don't talk it never happened
We don't think and then we're happy
But we both know
What it's all about

Buried all deep inside
The truth hurts last but its deny
Sooner all later
It's all coming out

We can't play these games anymore
You're always keeping score
And i don't care enough to go to war

So walk away walk away walk away walk away
And don't talk about talk about talk about talk about
anything
So walk away walk away walk away walk away
And don't talk about talk about talk about talk about
anything

Ohh talk about anything
Ohhh aahh

We can't play these games anymore
You're always keeping score
And i don't care enough to go to war

So walk away walk away walk away walk away
And don't talk about talk about talk about talk about
anything
So walk away walk away walk away walk away
And don't talk about talk about talk about talk about
anything

Walk away walk away walk away walk away
And don't talk about talk about talk about talk about
anything

Walk away
Don't talk about anything
