When I close my eyes all I see are visions of you  
And when I open my eyes  
Your absence holds me down  
I try but I can't shake myself loose  
I can't command my brain  
All I do is shrink and think of one thing  
I'm sitting alone beside me  
I'm digging a hole inside myself

All I want is the place I think I've found  
When I look into your eyes  
All I know is that I'm tired of the world around me  
Please don't ignore me

Dedicated, here I am thinking of you  
With everything within me  
You'll never see me, never feel me  
Never know these thoughts of mine  
In my mind you're always there, always smiling  
Always reaching out to me

The days go on with heartache,  
The days go on with emptiness

All I want is to somehow matter to you  
Even if all else rejects me  
All I know is that I'm hammered by the world  
Around me  
Please don't destroy me

I burn down time trying to find a way  
To get through to you  
I'm standing in line for a hand out  
That will never come but still  
I don't care  
Feeling like, looking like -naked  
Here is everything I am  
Laid out exposed wide eyed unable to forget you
