Livin' on free food tickets water in the milk from the
hole in the roof
Where the rain comes through what can you do uh
Tears from little sister cryin' cause she doesn't have a
dress without a patch
For the party to go oh but you know she'll get by
Because she is livin' in the love of the common people
Smiles from the heart of the family man
Daddy's gonna buy her a dream to cling to
Mama's gonna love you just as much as she can and
she can

It's a good thing you don't have a busfare
It would fall through the hole in your pocket
And you'd lose it on the snow on the ground a walking
to town to find a job
Trying to keep your hands warm
But the hole in your shoe lets the snow come through
And it chills you to the bone boy you'd better go home
where it's warm
Well you're livin' in the love of the common people
Smiles from the heart of the family man
Daddy's gonna buy you a dream to cling to

Mama's gonna love you just as much as she can and
she can

Livin' on dreams ain't easy
But the closer the knit the tighter the fit and the chills
stay away
You take 'em in stride family pride
You know that faith is your foundation
And with a whole lotta love and a warm conversation of
course there's prayer
Makin' you strong where you belong
Well you can live in the love of the common people...
Live in the love of the common people...
