Bobby and Joe out there do the rambo  
Doin' that dance that no one ever know

#### CHORUS

Playing is a big big band while they're swinging  
Playing is a big big song for the dance

First you move up your gun  
Hold it straight to the sun now

#### REPEAT CHORUS

Then you bounce up the dance  
It can keep you in a trance

#### REPEAT CHORUS

Bobby catch Joe mid-day on the patio  
playing with a woman like no girl ever know  
She pull out a big big gun from her pocket  
point it down straight at the crotch of his pants

Bobby she do the rambo  
Joe he get a big hole

#### REPEAT CHORUS
