Here they come
Here they come

Here they come, yeah
Oh, some are walking, some are riding
Here they come, yeah
some are crying some defying
released after years of being kept in hiding
They're climbing up the ladder rung by rung

Enter they young, yeah
now they learn to think
Enter the young, yeah
more than you think you think they think
not only learn to think but to care
not only learn to think but to dare
Enter the young
yeah, here they come

Oh, some with questions some decisions
Here they come, yeah
and some with facts and some with visions
from a place to multiply without the use of division
To win a prize and find themselves as one

Enter they young, yeah
now they learn to think
Enter the young, yeah
more than you think you think they think
not only learn to think but to care
not only learn to think but to dare
Enter the young
Enter the young

Here they come,
well some are laughing some are crying
Here they come, yeah
and some are doing some are trying
some are selling and some are buying
some are living some are dying
but they're demanding recognition one by one

Enter they young, yeah
now they learn to think
Enter the young, yeah
more than you think you think they think
not only learn to think but to care
not only learn to think but to dare

Enter the young
Here they come...
