Everyone is warm inside their houses in the snow  
The mercury is dropping down to minus ten below  
Outside it's chilling, but inside it's thrilling  
with fireplaces burning and records that keep turning

Gone is the green grass,  
the trees have turned brown  
The sky has gone grey,  
it's now Winter's day

The parks they are empty  
no sweets on the swings  
no kids are at play,  
it's now Winter's day

And here we are, snuggled warm in each other's arms  
listening to silent sounds, as the snow pats the ground  
Perfumed hair that I smell, essence that I like so well

You are my Winter, the days and the nights  
in our hideaway, it's now Winter's day

Our love will grow stronger amid winter's chill  
inside we will play its now Winter's day

And everyone is warm inside their houses in the snow  
The mercury is dropping down to minus ten below  
Outside it's chilling, but inside it's thrilling  
with fireplaces burning and records that keep turning

Mmmmmmm...
