It's time for a change  
Life's short but it goes so fast  
all the memories of the past  
will melt into tomorrow

It's time for a change  
Time to get up and move ahead  
After everything's done and said  
The rest will want to follow

I always been content with  
my way of life till now  
but my intent to change  
has started again somehow

There comes a time in one's life  
when bridges must be crossed  
And here I am,  
I won't be battered or bossed,  
tattered or tossed

It's time for a change  
Stop having to play the fool  
That part of your life Has gone  
Its time to move to tomorrow

It's time for a change  
The world is an open place  
It's staring you in the face  
Just get up and go

I always been content with  
my way of life and now  
but my intent to change  
has started again somehow

There comes a time in one's life  
when bridges must be crossed  
And here I am,  
I won't be battered or bossed,  
tattered or tossed

It's time for a change...
