Shake, shake
Listen while I talk to you
I tell ya what we're gonna do
There's a new thing that's going 'round
and I tell you what they're putting down
Just move your body all around
And just shake, shake it in the morning
Shake, shake it in the evening
Shake, shake it pretty mamma

Shake it like a bowl of soup
make your body loop-de-loop
put your hands on your hips
kinda let your backbone slip
move your body just like a whip

And just shake, shake it in the morning
Shake, shake it in the evening
Shake, shake it pretty mamma

Ding-a-ling-a-ling, honey, shakin' is the latest thing
And if you wanna swing you better loosin' up your
shoulder

If you wanna really roll-a
Got to do the thing with soul
Shake, shake with all your might
If you do it, do it right
move your body loose and light just

Shake, shake wo wo mamma
Shake, shake it if you wanna
Shake, shake it pretty baby

Svenne, Svenne I love you, so
(Swedish verse)

Mommy say no, and daddy say no
and brother say no, and they all gotta go

Now, we say yeah (yeah yeah)

We say yeah (yeah yeah)
We say yeah (yeah yeah)
We say yeah (yeah yeah)

Well if we didn't go ahead
in spite of what they said
Might as well give up, man might as well be dead

Now, we say yeah (yeah yeah)
We say yeah (yeah yeah)
We say yeah (yeah yeah)
We say yeah (yeah yeah)

Now mommy say yeah, and daddy say yeah
and brother say yeah, well maybe they ain't so square

We all say yeah (yeah yeah)
We say yeah (yeah yeah)
We say yeah (yeah yeah)
We say yeah (yeah yeah)

We all say Yeah...-ac
