Songs we sang, ummm, yesterday
ain't the same, ummm, as today
For things have changed and so have you and I
but baby don't you ever cry, don't you ever cry

For who's to blame, for rain and tears and pain
for prisons, love's enchained, words that fade in vain

Songs we sang, ummm, sung in vain
Fade away, ummm, through the rain

For they have changed and so have you and I
but baby don't you ever cry, don't you ever cry

for prisons, love's enchained, words that fade in vain

For things have changed, and so have you and I
but baby don't you ever cry, don't you ever cry

For who's to blame, for rain and tears and pain
for prisons, love's enchained, words that fade in vain

Songs we sang, ummm, yesterday, yesterday
