If you find your sweetheart in the arms of your friend
Oh baby, that's when your heartaches begin
When dreams of a lifetime must come to an end
Oh baby, that's when your heartaches begin

Love is a thing you never can change
Oh when you bring a friend into your love affair
That's the end of your sweetheart,
that's the end of your friend,
Oh baby, that's when your heartaches begin

If you find your sweetheart in the arms of your best
friend
well that's, that's when your heartaches begin
And you know when all your dreams,
when all your dreams of a lifetime must come,
they must come to just one little end
So that's, that's when your heartaches begin

And you should know that love is a thing,
that you never can share
and I know, I know when you bring a friend there
When you bring a friend into, into your love affair
that's the end of your sweetheart,
that's the end of your friend,
Oh baby, that's when your heartaches begin
