Where We Live When You Have No One To Turn To
To Hold You When You're Down
This Is A Sad Old Town

Worried Soul Do You Have No Place To Go Now
No Place To Settle Down
This Is A Sad Old Town But It's A Town

Have You Ever Been Down
Have You Ever Been Way Down
Have You Ever Been Deep Deep Down
Have You Ever Been Way Down X2

Missing Man Have You Fallen By The Wayside
You've No More Past To Drown
This Is A Sad Old Town
Where We Live There Are Winners Being Losers
It All Gets Spun Around
This Is A Sad Old World X2
But It's My World

Have You Ever Been Down
Have You Ever Been Way Down
Have You Ever Been Deep Deep Down
Have You Ever Been Way Down X3
Have You Ever Been Way Down Way Down
Have You Ever Been Way Down Way Down Way Down

Have You Ever Been Down X2
Have You Ever Been Way Down
Have You Ever Been Deep Deep Down
