She's A Vision To Herself

She's The Brightest Star

She Know Where She's Coming From

She's Her Own Messiah

Here She Comes

With A Hippy Hat And Jesus Sandals

Here She Comes

Here She Comes

See The Girl With The World In Her Eyes

See The Girl With The World In Her Eyes

Told Me I Was Lost

And I Believed Her For A Day

I Supplied The Weakness

That Each Tin Pot Saviour Craves

Here She Comes With A Silver Suit And Lazer Tongue

Here She Comes

Here She Comes

See The Girl With The World In Her Eyes

See The Girl With The World In Her Eyes

See The Girl With The World In Her Eyes

See The Girl With The World In Her Eyes

Shes's A Scam She's A Scam She's A Charlatan
Telling You What To Do While She Selling You
Here She Comes
Here She Comes
And She'll Bleed For You
If You Want Her To
And She'll Bleed For You
If You Want Her To
