Listen my brother and understand
Don't play like a donkey if you're really a man
You don't fool a soul when you wear sharp studs
Your mouth is dirty and you cuss a bad word
Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Mother been weeping
We were no more strangers (yes I pray)
We were more than friends (battles came down)
Yet the battles were splintered all over the place
Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Always come up and always rude
Smashing things and breaking rules
Man what do you think you are
A little beast for sure
Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Can't a woman's tender care (return you now)
Change from all the child she beared
We were no more strangers (yes I pray)
We were more than friends (battles came down)
Yet the battles were splintered all over the place
Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
