Close my eyes for
For no reason
Watch us wither away

Care about her for no reason
Watch it all slip away

And I feel - like I lost it
And I feel - like I already know what's coming
Like I already know what's coming

At the end of my
At the end of my
At the end of my
Road

Bite your tongue for
For no reason
Please don't watch what you say

No regrets and no excuses
Leave it all here today

And I feel like I lost it
And I feel like I already know what's coming
Like I already know what's coming

At the end of my
At the end of my
At the end of my
Road

And I'll never do what's best for me
And I'll never let go

And I'll never do what's best for me
And I'll never let go
Feeling lost
Like I already know what's coming
At the end of my road

At the end of my

At the end of my
At the end of my
Road

And I'll never do what's best for me
And I'll never let go
