

Her Fatal Flaw "Waking Up"

I'm dwelling on you
I know I said that I never would
My promise fell through
I know I said that it never could

Waking up and feeling alive
I'll scream my lungs out tonight
Waking up and feeling alive
I'll scream my lungs out tonight

When the minutes felt like days
I knew I was home
I knew I was safe
When the minutes felt like days
I knew I was home
I knew I was safe

My smile is bigger
I think I know just a little much
The seasons over
I feel like now that there's not a rush

Waking up and feeling alive
I'll scream my lungs out tonight
Waking up and feeling alive
I'll scream my lungs out tonight

When the minutes felt like days
I knew I was home
I knew I was safe
When the minutes felt like days
I knew I was home
I knew I was safe

My vague interpretations of my existence are what
keep me alive
Like it or (explicit) not there's nothing that will ever stop
From spilling you lies

I'm spilling all your lies
You'll never stop me now
I'm spilling all your lies

You'll never stop me now
You'll never stop me

When the minutes felt like days
I knew I was home
I knew I was safe
When the minutes felt like days
I knew I was home
I knew I was safe

Waking up and feeling alive
I'll scream my lungs out tonight
Waking up and feeling alive
I'll scream my lungs out tonight
