You've been sad and lonely
I've been lost and I've been found
You're the finer actor
But I shine from time to time
I am the better liar
But I have problems with the truth
So for the final try outs
You just better cut me lose
And now you are dry and tired
And you're hurt by every word
Well there's a silence salesman
And you got what you deserve
Now all alone and broken
Your face is dampened by your tears so try the latest
number
That's the way to get out of here
Go!
So you've been sad and lonely
Well I've been lost and I've been found
And you're the finer actor
But I shine from time to time
Well you've been sad and lonely
Now you're gone and I feel fine
