You saved my life once
Just to kille me a thousand times
And what I once was
Well never mind, never mind
And you told the truth once
But then you fed me a million lies
So who are you true now
Well never mind, never mind
So what are you waiting for
Forgive me, lovers forgive me
For I am weak
Forgive me, brothers forgive me
For I am weak
You showed me the dance once
But now you dance to a different drum
And all that once was
Is long gone, It's long gone
So what are we waiting for
So who am I waiting for
(Here goes!)
Forgive me, lovers forgive me
For I am weak
Forgive me, brothers forgive me
For I am weak
Forgive me, father forgive me
For I am weak
Forgive me, mother forgive me
For I am weak
