

Her Nightmare "Burning Bridges"

I'm not here to save your world, to save your soul, or
watch it burn.

Call me what you like, your words don't mean a thing.

I'm gonna live, die without shame, when I'm broken
and bleeding, I'll be the one to blame.

Regrets a bitter taste, your faith is such a waste,

Fuck you for wanting to die, fuck you for believing the
lie.

So keep on talking.

We've got no arrogance left, humble beginnings a
humble end,

No more fences to sit, all our bridges burned.

All our bridges have been burned.

Regrets a bitter taste, your faith is such a waste.
