

Her Nightmare

"Happy As A Ghost"

I don't know where
I hide my emotions
Wanted to show you
My undying devotion

They started to dance
To the sound of romance
You said: "Don't they look happy?
I know you wish you were happy."

Wanted to ask you
But my courage fell through
So we mixed our drinks
And ignored my kinks
But they're there

I know the reason
That you hate the season
I leave you feeling
Like you're unappealing

So we left early
And I grabbed your car keys
Hand in hand
Too much beauty for me to stand

I watched the lights move
Across your perfect face
There's no other time
There's no other place
That I'd rather be
Here with you
I'm here with you
