"The Ringing In My Ears"

Think about those books you read and I wonder if they
make you think about me
Maybe if the hero dies or kisses other girls and tries to
justify his reasons why

Set the stage for make believe, I said I'm not your
father and I'll never leave
I'll just stay and make it worse and keep your life from
going on it's natural course

Think about those songs you play and wonder if the
words help you to stay
Maybe if the melody is filled with both the pain and the
ecstasy of loving me
