

Her Nightmare

"You And Me"

You and me
We like to talk about that summer night
You came over to my house and I
Sat there while you told me everything
All of your ups and downs
And in between
And I just thought to myself
And I just thought
To myself
"how can so much good exist in such a tiny heart
And despite of all the pain she's in,
She never falls apart"
And if she doesn't last the length of seven songs
She dries her tears on her best friend's sleeves and
dances right along

In a dream
You call me up and ask me, quietly,
If I would like to meet you for a drink
And when I got there you just looked at me
As you spoke to yourself
"If you take me home tonight
I know that we will kiss
One of us will fall in love
And it will be a mess
But if you want to take that chance
Then please just let me know"
I slammed my glass down on the bar
Said "grab your coat let's go"

So here we are

We've gone too far

And I just thought to myself
How can so much good
Exist in such a tiny heart
Despite of all the pain she's in
She never falls apart
And if she doesn't last the length of seven songs
She dries her tears on her best friend's sleeves and

dances right along
