["Man I can't fuckin believe this
How can the same the shit happen to the same guy
twice?" - B. Willis, DH2]

Aiyyo sweetie, you're lookin kinda pretty
What's a girl like you, doin in this rough city
[Girl] I'm just here, tryin to hold my own ground
Yeah, I think I like how that sound
What you say we gets to know each other better?
[Girl] That sounds good but I don't think that I can let
ya
I don't know, tell me is it so
Do you get a kick, out of tellin brothers no?
[Girl] No it's not that see you don't understand
[Girl] How should I put it, I got a man
What's your man got to do with me?
[Girl] I told ya
I'm not tryin to hear that see
[Girl] I'm not one of those girls that go rippin around
I'm not a dog baby, so don't play me like a clown
[Girl] I'll admit, I like how you kick it
Now you're talkin baby, dats da ticket
[Girl] Now don't get excited and chuck your own in
[Girl] I already told ya, I got a man
What's your man got to do with me?
[Girl] I got a man
I'm not tryin to hear that see
[Girl] I got a man
What's your man got to do with me?
[Girl] I got a man
I'm not tryin to hear that
[Girl] Now you can persist to play Don Juan all day
[Girl] But ain't nothin gonna change
Yeah baby, sure you're right
I'ma break it down and do whatever I gots to do
I tell you know, I got eyes for you
[Girl] You got eyes, but they not for me
[Girl] You better use them for what they for and that's

to see

You know what's the problem, ya not used to learnin
I'm Big Daddy Longstroke, and your man's Pee Wee
Herman

[Girl] I got a question to ask you troop

[Girl] Are you a chef, cause you keep feedin me soup
You know what they say about those who sweat thysel
You might find yourself, by yourself
I'm not waitin because I'm no waiter

So when I blow up, don't try to kick it to me later

[Girl] All them girls must got you gassed

A-when they see a good thing they don't let it pass

[Girl] Well that's OK, cause see if that's their plan

[Girl] Cause for me, I already got a man

What's your man got to do with me?

[Girl] I got a man

I'm not tryin to hear that see

[Girl] I got a man

What's your man got to do with me?

[Girl] I got a man

I'm not tryin to hear that

What am I, some crab inmate

that just came home from jail sweatin you for a date?

I don't want no beef, I just wants to get together

[Girl] But how you talkin, pssssh, whatevah!

We can't have nothin

[Girl] It all depends

Well if we can't be lovers than we can't be friends

[Girl] Well then I guess it's nothing

Well hey I think you're bluffing

[Girl] Well I'ma call my man

Well I can get raggamuffin

Ya better catch a flashback remember I'm not crabbin it

You know my style, from I'm Not Havin It

[Girl] All I remember's an excuse me miss

[Girl] You can't get a guy like me with a line like this

Well look I'll treat you good

[Girl] My man treats me better

I talk sweet on the phone

[Girl] My man writes love letters

I'll tell you that I want you, and tell you that I care

[Girl] My man says the same except he's sincere

Well I'm clean cut and dapper, that's what I'm about

[Girl] My man buys me things and he takes me out

Well you can keep your man, cause I don't go that route

[Girl] Don't you know yu haffa respeck me

There's a lot of girls out there who won't say no

[Girl] You're out for mami with your DJ Money

Boom batter my pockets is gettin fatter

I wanna turn you on and excite you

Let me know the spot on your body and I bite you

So when your man don't treat you like he used to
I kick in like a turbo booster
You want lovin you don't have to ask when
Your man's a headache, I'll be your aspirin
All confusion, you know I'll solve em
[Girl] I got a man
You got a what?
How long you had that problem?
What's your man got to do with me?
[Girl] I got a man
I'm not tryin to hear that see
[Girl] I got a man
What's your man got to do with me?
[Girl] I got a man
I'm not tryin to hear that
[Girl] I got a man
Ayyo baby put the dial numbers or your address
[Girl] I got a man
I told ya I treat you right
[Girl] I got a man
Aww c'mon now ain't no future in frontin
[Girl] I'm not havin it
C'mon Miss, oh we back on that again
Uhh, I'm not tryin to hear that see
[Girl] I got a man
But your man ain't me
[Girl] Uhh, uhh, I got a man
You got a WHAT?
[Girl] Uhh, uhh, uhh, I got a man
You got a WHAT?
