That's a pill and you've got to take it  
That's a pill that you've got to take  
I won't rest until you take it  
That's a heart that you made  
That's a heart and the both of you made it  
And I won't rest until I break it  
It's 'histroic de la famille  
It's l'histroic de la FAM  
And I won't rest until I forget about it  
I won't rest until I don't care  
I won't rest until I forget about it  
La La La La La La La  
That's a razor and you will make a threat  
That's a razor make million billion threats  
And I won't rest cuz I heard it all before  
My behind is a beehive, there's a buzz in my backside  
My behind is a beehive and I won't rest  
while you break my will  
Je t'aime the valley  
Je t'aime the valley OH!!!  
I am an orphan de la valley  
And I won't rest until I forget about it  
I won't rest until I don't care  
LA LA LA LA LA LA LA
