Tonight Iâ€™m finding for me  
Itâ€™s getting harder and harder to sleep  
I drained all my pens and filled all my pads  
But these words keep coming again and again  
And if timing is everything  
Well then what does that say about you and me?  
Was it our broken watch or busted start?  
I guess the time that we need is time apart

Letâ€™s get older  
Letâ€™s get wiser  
So you can call me  
And Iâ€™ll answer  
And Iâ€™ll say dear  
I was just thinking of you  
And weâ€™ll laugh like  
Just like we used to

I know youâ€™re angry  
You know I miss you  
We know we both need

Something different  
No need to argue  
Life will not listen  
It doesnâ€™t give a damn  
What weâ€™re wishing for

Letâ€™s be honest  
Letâ€™s be truthful  
Weâ€™re a train wreck  
And this is not new  
I would reach out  
And you would pull back  
We reversed it  
And then we jumped track

I know you loved me  
You know I loved you  
We know we didnâ€™t know  
What to do with that  
So when you meet him

Just take it easy  
No need to worry  
It will be different

There are no more good ideas in me

Did I leave them with you?
