Set your cameras (It doesn't...)
To black and white (Feel like...)
'Cause I'd give (Paradise...)
My everything (Anymore...)
To have
You back tonight
I'd give my everything
To have you back...

Dance with me, one last time
Sing with me, before
This
Dies

Set your cameras! (She's the only,
Girl left on the... dance floor)

To black and white
I would give
Everything
To have you back... to-

... -night I stole the show
In these seats, she's no Romeo

Remember when the world was falling?
Remember when the world was falling?
At our feet, and each inch
Of the dance floor raped
Every move we made?
Every move we made?

And jealousy takes his place,
Leaving a bloody covered face
She grasped my hand
And whispered "I love you, my dear."

Embrace me tonight, tonight for I am lonely
And put your best dress on and look your best girl

Since Paris has been painted for us

Embrace me tonight, tonight for I am lonely
And put your best dress on, and look your best girl

It's all we deserve, it's all we desire
It's all we deserve, it's all we desire

So you, go back
To your ghost town
Because she's my girl
She's my girl

Now I know why you hate goodbyes
Now I know why you hate goodbyes

I am breathless, I am kissless
I am breathless, I am kissless
