You told me you love me  
You told me you care  
But when I'm around you  
It's like I'm not there

I need a reminder  
Something I can see  
Something on my finger  
Shines so brightly

Don't you know  
Diamonds are a girl's best friend  
When you go  
They stay with me until the end

Don't you know  
Diamonds are a girl's best, best friend  
When you go  
They stay with me until the end

Don't want your money  
Don't want your key  
Diamonds, love don't come for free

Don't want your money  
Don't want your key  
Diamonds, love don't come for free

They say you need some roses  
But roses do die  
You gave me some candy  
It melted, nice try

I'm not that demanding  
I have simple taste  
I just want a token  
That can't go to waste

Diamonds  
Don't want your money  
Don't want your key  
Don't you know

Diamonds are a girl's best friend

Don't want your money

Don't want your key

Don't want your money

Don't want your key

Diamonds, love don't come for free
