You told me you love me  
You told me you care

But when I'm around you  
It's like I'm not there.  
I need a reminder  
Something I can see

Something on my finger shines so brightly.

Don't you know  
Diamonds are a girl's best friend

When you go  
They stay with me until the end.  
Don't you know  
Diamonds are a girl's best  
Best friend

When you go  
They stay with me until the end.

Don't want your money  
Don't want your key

Diamonds - love don't come for free.  
Don't want your money  
Don't want your key  
Diamonds - love don't come for free.

They say you need some roses  
But roses do die

You gave me some candy  
It melted  
Nice try.  
I'm not that demanding  
I have simple taste

I just want a token that can't go to waste - Diamonds.

Don't want your money

Don't want your key  
...  
Don't you know  
Diamonds are a girl's best friend  
...  
Don't want your money  
Don't want your key  
...  
Don't want your money  
Don'r want your key

Diamonds - love don't come for free.
