Come on girl
Let's sneak out of this party
It's getting boring
There's more to life than this
It's still early morning
We could go down to the harbor
And jump between the boats
And see the sun come up

There's more to life than this
There's more to life than this

I could nick a boat
And sneak off to this Island
I could bring my little ghetto blaster
There's more to life than this
But then we'd have to rush back
To the town's best baker
To get the first bread of the mornin'
There's more to life than this

There's more to life than this
There's more to life than this
There's more to life than this
There's more to life than this
