"I Walk"

Like anybody else
Just trying to make sense
When all others seem to know
What to do and where to go

You have read the book
Without a second look
And that's alright with me
I'm all I can be

I walk
I walk
I walk the way I talk
I am walking
I am walking
I walk the way I talk

Is there a deeper sense
To our Existence
Now there's a philosophy
That's not made for me

I walk
I walk
I walk the way I talk
I am walking
I am walking
I walk the way I talk

Everything that's gone before
Leads the way to something more
Carrying within all I need
Take the pictures from the wall
You could try to get a clue
Make a step
In These shoes
You could find a fool and see
Could be right and it could feel free

I walk
I walk

I walk the way I talk
I am walking
I am walking
I walk the way I talk

And it's here in my heart
And it's deep in my soul
And this strong ease of life
Is Where I find home
There's no answers to seek
No torches to hold
No past and no grief
I just follow the call

I walk
I walk
I walk the way I talk
I am walking
I am walking
I walk the way I talk
