at first i thought it was the moonlight
shining throught the mist
Cause after all a kiss is just a kiss or so I thought
But I must have been wrong
It could have been the msic cause it sounded so sweet
Something sure was sweeping me off of my feet
All night long it sure was strong
Before I knew what was going on, I was going, Going ,
Gone
I suppose it could have been the perfume from a
honeysuckle vine
Something sure was driving me out of my mind
But I should have known all along
it was yoru love and it wa so strong
And now I'm going, Going, Gone
It might have been the magic written int eh stars
Some gypsy might have read it somewhere int eh
cards
It really doesn't matter cause wahtever it was
It led me straight to your arms
First i thought it was the moonlight shinning throught
the mist
after all a kiss is just a kiss or so i thought (so i thoguht)

But I must have been wrong
Before i knew what was going on
I was going, GOing, GOne
Going Going Gone
Going Going Gone
