One lonely night
I sent a prayer
Send me someone
Someone to care
Out of the blue
Suddenly you
Heaven sent

One magic touch
One stolen kiss
My only dream
My every wish
That's when I knew
That it was truly
Heaven sent

And every star in the sky
They knew that I
Had waited my whole life through
And as I held you tight
They shined even brighter
So glad, I'd finally found you

And every star in the sky
They knew that I
Had waited my whole life through
And as I held you tight
They shined even brighter
So glad, I'd finally found you

And through the years
Never forget
The love we'd found
The night we met
And how we knew
That it was truly
Heaven sent

And how we knew
That it was truly
Heaven sent
