Your beautiful eyes
Sparkle like two diamonds on fire
Why am I still surprised
At the way they make me feel

I thought I could get no higher
You showed me a whole new deal

It's not the way you look
Even though heaven knows you're a sight to see
It's not the way you look, it's the way you look at me
It's not the way you look, it's the way you look at me

Most any old time
Could be a special occasion
Just call me and I'm
Already halfway

You choose the destination
I'll go with you anywhere

It's not the way you look
(It's not the way)
Even though heaven knows you're a sight to see
It's not the way you look, it's the way you look at me
Like I'm all you ever wanted me to be

It's not the way you look
(It's not the way)
Even though heaven knows you're a sight to see
It's not the way you look, it's the way you look at me
It's not the way you look, it's the way you look at me
