Sirens wake the sleeping city.  
Chaos before the first bullet case hits the ground.  
"Stay near" a mother screams.  
"Stay near" a mother screams.

Her walls collapse.  
Her veins contract.  
"Stay near" she screams,  
when the bomb breaks the glass.

The wars you fight are nothing but lies.  
A patriotic dream meant to keep you alive.

"Repeat the message". [x4]

Turn off the lights.  
They're right outside.  
"Stay away" they plead,  
when the bomb breaks the glass.

The wars you fight are nothing but lies.  
A patriotic dream meant to keep you alive.

The wars you fight are nothing but lies.  
"Repeat the message". [x4]

Now on death you stand.  
Shed a tear and abandon ship  
like the traitor that you are.  
[x4]

That you are  
That you are  
The traitor that you are  
You are
