turn off the lights
cause everyone knows what time it is
and i won't disappoint
i will do whatever you say tonight

cause i know just what i want
and i know just what you'll say
but i promise you that no one's gonna know

so get up and dance
don't make any plans
i am all in for you
so let's kiss like this
and kiss forever

raise up your glass
for living life fast
i swear i'm so into you
so let's kiss like this
it's now or never

and i'll walk away
got just what i came here for
i can feel your finger nails
so won't you tear me up some more?

cause i don't care what you've said
and i don't care what you've done
to all the boys that i will never know

i wanna see you move your hips
i wanna feel you kiss my lips
i wanna see you move your hips
i wanna feel you kiss like this
