I've been seeing things, things ahead
I think I see you there
I've been taking looks, looks inside
Even though I'm scared

There is pain in being real
It's not about how great it feels

Baby, you might just be like this
Baby, this might be who you are
Baby, you might just be like this
Baby, this might be who you are

I need you to pick, to pick things up
Honest, through and through
I've been giving all, all I got
You've got to see that too

There is pain in being real
It's not about how great it feels

Baby, you might just be like this
Baby, this might be who you are
Baby, you might just be like this
Baby, this might be who you are

And if these words don't move you at all
Come close to me, come close to me
And if these words don't move you at all
Come closer

(Step up)
There is pain
(Step up)
In being real

(Step up)
It's not about
(Step up)
How great it feels

Baby, you might just be like this

Baby, this might be who you are
Baby, you might just be like this
Baby, this might be who you are

It's not about, It's not about
It's not about how great it feels
