The lights they call me  
Call me to your side  
The lights they blind me  
They take my sight

Will you restore me?  
Grace my senses again?  
The lights they blind me  
Soon he descends

You belong to him tonight  
There is nothing I can do  
You belong to him tonight  
There is nothing I can do

With words unspoken  
The truth is revealed  
Gates fly open  
Your chance to be healed

How he adores you  
Will I be with you my friend?  
The lights they blind me  
Soon he descends

You belong to him tonight  
There is nothing I can do  
You belong to him tonight  
There is nothing I can do

You belong to him tonight  
You belong  
There is nothing I can do  
You belong  
You belong to him tonight  
You belong to him tonight  
There is nothing I can do  
You belong  
You belong to him tonight  
There is nothing I can do

You belong to him tonight

You belong  
You belong  
You belong  
You belong  
You belong  
You belong...  
You belong to him tonight  
You belong  
You belong  
You belong  
You belong  
You belong  
You belong...
