I'm here now

They gave me a new mission  
Blood and bones that's for sure  
Obey me

I know it's wrong  
I'm running away from the hospital  
They come for me

Once again confusing  
Kind of fun  
Awaiting the moment  
Why to feel regret?  
I don't care your fucking face

Distorted visions and dope

Despite your bad taste  
I will bite you forever  
And tear your skin  
Your pain is my pleasure  
Despite your bad taste  
I will bite you forever

Despite

Confusing

That's right  
I know it's coming but I can't stop my desire  
Now in jail they are not here anymore they can not hurt  
me

They they gave me  
They gave me a new mission

They gave me a new mission  
Blood and bones that's for sure  
Obey me

I now it's wrong

I'm running away  
They come for me

Once again  
Confusing

Kind of fun  
Awaiting the moment  
Why to feel regret  
I don't care your fucking face

Once again  
Confusing
