You make me feel
like I've drawn
a loser's card
but every time you walk out of me
I find myself left
with a broken heart
but it ain't my way to quit mom,
I came to win child
May have run out of luck
but I'm pretty shure
it's gonna come back again
it's gonna come back
keep on tryin' child - keep on tryin'
keep on tryin' - keep on tryin'
cause I

still believe that I can win (3 x)
your love

Found myself in a freight train
rolling down the track

to the hazy landscape
goin' to town
I scored myself some hard porno
new Playboy, the new Penthouse
doin' the hand jive
just to kill the time
but it ain't my way to quit mom,
I came to win
May have run out of luck
but I'm pretty shure
it's gonna come back again
it's gonna come - it's gonna come back
keep on tryin' - keep on tryin'
gonna keep on tryin' - keep on tryin'

still believe that I can win (4 x)
your love
