Left by
The side
Of the road
Deer wild baby
Hit by a car
Who will care but me?
And I'm not in a car right now
Driving fast
In that
Do I have to drive?
Or should I walk then?
Would I have crashed
Into you last night
Distance is here,
And "speed is the key"
To come near
To come far
To come against
But I would make it last
For ever if it could make
You
Not be
Left by
The side
Of the road
Hit by a car
Deer wild baby
