You're so far from me
Though I see you
You're so far from me
Though I see you
Where is it leading me to?
Where is it leading me to?
I'm not feeling I'm not feeling

I can't sleep at all
I can't sleep at all
Because of the thoughts tumbling down to me
Thoughts tumble down to me

Nothing's going to happen
Nothing's going to occur by itself
Nothing's going to happen
Nothing's going to occur by itself
I'm not feeling I'm not feeling
