Got a feelin' about you, got a feelin' that won't quit,
baby
Got a feelin' about you, somethin' sayin' this is it, baby
Just hear my heart double beat, & it scares me too
I walk down the street, every face is you, yes it's you

(x2):

Got a feelin' I'm fallin', got a feelin' I'm too far gone
now
Got me reelin' & callin'; listen baby, we must go on now
I'll stick with you, I'll stick like glue until you
Got a feelin' all about me too
Got a feelin' all about me too
Got a feelin' all about me too
