If you've got a pack of trouble
Waying on your worried mind
If you tend to see things double
And you can't turn wind
Take a trip to green street green
Get yourself a little scene
Everything is kind of groovy
Down at green street green.

Situated north of Nancy
Just a little east of west
People there do what they fancy
Dressed in fancy dress.
So take a trip to green street green
And get yourself a little scene
Everything is kind of groovy
Down at green street green.

There's a man with a band under the
trees
Giving out the greatest sound
While the birds and the bees everywhere
Go buzz- buzz- buzzing around

So on a bet to be an evening
Hustled up for one way fare
Organise your time of leaving
A bus will take you there
All the way to green street green
And get yourself a little scene
Everything is kind of groovy
Down at green street green.
Everything is kind of groovy
Down at green street green.
