On the floor, the people dance around  
Moving close together  
But there all alone in the corner  
There's the girl I once knew  
Who broke me in two.  
So won't you please play a song  
A sentimental song  
For my sentimental friend over there.

We've been so long apart  
Make it go right to the heart  
Of my sentimental friend over there.  
Bring the tears to her eyes  
Help to make her realize  
The love we had was just beyond compare.  
Then if the time is right  
Maybe I'll hold her tight  
My sentimental friend over there.

I recall the way she used to feel  
When we heard a sad song  
The teardrops would fall  
And she'd hold me  
And tell me,  
She'd be forever with me.  
So won't you please play a song  
A sentimental song  
For my sentimental friend over there.

We've been so long apart  
Make it go right to the heart  
Of my sentimental friend over there.  
Bring the tears to her eyes  
Help to make her realize  
The love we had was just beyond compare.  
Then if the time is right  
Maybe I'll hold her tight  
My sentimental friend over there.

Oh won't you please play a song  
A sentimental song  
For my sentimental friend over there.

We've been so long apart  
Make it go right to the heart  
Of my sentimental friend over there.  
Bring the tears to her eyes  
Help to make her realize  
The love we had was just beyond compare.  
Then if the time is right  
Maybe I'll hold her tight  
My sentimental friend over there.

So won't you please play a song  
A sentimental song  
For my sentimental friend over there...
