at first i was afraid , i was petrified
if i can i could never life without you by my side
But then i spent so many nights thinking how you did
me wrong
and i grew strong , and i learned how to get along
and now your back from outta space
i just walk in to find you here with that sad look upon
your face
i should have change that stupid lock
i should have made you leave you key
if i know for just one second you'll be back to bother me
go on now go walk the door
just turn around now cause you not welcome anymore
werent you the one who tried to break me with goodbye
you think i crumble , you think i lay down and die
oh no not i , i will survive
oh as long as i know how to love i know i still alive
i got all my life to live , i got all my love to give

i will survive , i will survive hey , hey
it took all the strenght i had not to fall apart
and trying hard to mend the pieces of my broken heart
and i spent oh so many nights feeling sorry for myself
i use to cry but now i hold my head up high
and you see me somebody new
i'm not that chained up little person still in love with you
and so you felt like droping in an just expect me to be
free
now im saving all my loving for someone whos loving
me
go on now go.....
