(darren costin/nick feldman)

I know you hold a secret
And I'm not sure you'll keep it
So why don't we just sit here alone
I'd like to ask you something
I'd know if you were lying
Please tell me if you don't like my tone

Do you need anybody
Could I be that somebody
I could help you if you'll agree

Let me in
To your loneliness
To your sweet caress
I want it all... night long

Let me in
To your loneliness
To your sweet caress
I want it all... night long

I know you like your distance
But I need some assistance
It's oh so very hard to get near
You say I'm so intrusive
I find you so illusive
I'm asking you if I'm what you fear

Do you need anybody
Could I be that somebody
I could help you if you'll agree

Let me in
To your loneliness
To your sweet caress

I want it all... night long

Let me in
To your loneliness

To your sweet caress
I want it all, want it all... oh

All of my friends have told me
Something
I hope it's true
They said I'm not what you were
Expecting
I must have you

Let me in
To your loneliness
To your sweet caress
I want it all... night long

Let me in
To your loneliness
To your sweet caress
I want it all, want it all

Let me in
To your loneliness
To your sweet caress
To your loneliness
(girl)
To your sweet caress

(repeat)

Let me in
