I know it's gonna work  
Its own way out  
But I don't know if I can take it  
I've always done the best  
The best that I can  
And always felt her wrath at first hand

I know our time has come  
We're overdue  
Plans are set in motion  
Furthering the truth  
I know I made myself a lie  
I only hope that she won't recognize

Somewhere you are out tonight  
I tell myself it's alright  
Won't let you know that I'm scared to death  
Of losing everything again

The weight that's on my back  
It's pressing down  
A heavy heart that  
I can't deal with

I know I made myself a lie  
I only hope that she won't recognize

Somewhere you are out tonight  
I tell myself it's alright  
Won't let you know that I'm scared to death  
Of losing everything

Somewhere you are out tonight  
Somewhere you are out

Somewhere you are out tonight  
I tell myself it's alright  
Won't let you know that I'm scared to death  
Of losing everything

I keep all the lights on at night  
Keep to myself just to survive

Won't let you know that I'm scared to death  
Of losing everything again
